#### About Malta International Airport

Malta International Airport is the only airport serving the Maltese islands, connecting the tiny island state to more than 80 destinations through over 30 partner airlines. With 97% of all Malta's tourists flying through it, the airport handles more than 5 million passengers and over 15,000 tonnes of freight annually. 2017 marks the terminal's 25th anniversary, during which time it has grown to support over 4,000 airport jobs, accommodate 45 retail and catering outlets and parking for over 1,500 cars. MIA's commitment to service excellence has landed it among the top five European airports in ACI's Airport Service Quality survey since 2010, as well as a 4-star rating awarded by Skytrax. Malta International Airport owns SkyParks Business Centre, an eco-certified building that provides nearly 10,000m<sup>2</sup> of office space and 4,000m<sup>2</sup> of retail and amenities. To maximise its contribution to Malta's cultural heritage and environment, Malta International Airport set up the Malta Airport Foundation in 2015, an independently run, non-profit organisation.
