About Malta International Airport

Malta International Airport is the only airport serving the Maltese islands, connecting the tiny island state to more than 80 destinations through over 30 partner airlines. With 97% of all Malta's tourists flying through it, the airport handles more than 6 million passengers annually, as well as over 16,000 tonnes of cargo. The airport's existent terminal has been in operation for the past 26 years, during which time it has grown to support over 4,000 airport jobs, accommodate 45 retail and catering outlets, and provide parking for over 1,500 cars. In 2017, Malta International Airport ranked amongst the top five European airports in ACI's Airport Service Quality survey for the seventh consecutive year, and in 2016 it was awarded a prestigious 4-star rating by Skytrax. Malta International Airport owns SkyParks Business Centre, an eco-certified building that provides nearly 10,000m² of office space and 4,000m² of retail and amenities. To maximise its contribution to Malta's cultural heritage and environment, Malta International Airport set up the Malta Airport Foundation in 2015, an independently run non-profit organisation.
